QBE Won 'The Best Insurance Company Overall - Asia Pacific' - Reactions Global Awards 2012

Frank O' Halloran and QBE Australia & Asia Pacific have been honoured at the 2012 Reactions Global Awards.

Former QBE Group CEO Frank O' Halloran has been honoured with the Lifetime Achievement Award at the 2012 Reactions Global Awards. QBE Australia & Asia Pacific was also awarded Best Insurance Company.

The Reactions Global Awards annually recognise the best insurance, reinsurance and broking companies across the globe, as well as the industry's outstanding personalities.

Reactions magazine, an insurance industry news and information service, selects the winners based on three criteria: the results of an online readers' poll, recommendations by the Reactions editorial team and feedback from informal interviews with industry executives, equity analysts and other knowledgeable observers.

Now in its 11th year, this year's Reactions Global Award ceremony, held in September at New York, was attended by more than 300 global senior insurance industry executives. Reactions magazine will publish a separate supplement to showcase the award winners. QBE North America has purchased full-page ads in recognition of Frank O'Halloran and QBE Australia & Asia Pacific.
