AUD Capital Notes Offer – Pricing

QBE pricing announcement in relation to AUD Floating Rate Capital Notes

Further to our market release on 12 May 2026, QBE Insurance Group Limited (**QBE**) announces that it has priced the issue of wholesale AUD500 million Floating Rate Capital Notes (**Capital Notes**) under its Note Issuance Programme.

The Capital Notes will be eligible as Additional Tier 1 Capital (as described in the Prudential Standards issued by the Australian Prudential Regulation Authority (**APRA**)) of QBE under APRA's capital adequacy framework. The Capital Notes are required to be converted into ordinary shares of QBE in whole or in part if APRA determines QBE is or would become non-viable.

Although the Capital Notes are perpetual, QBE may, subject to APRA's prior written approval, elect to call the Capital Notes on 19 May 2033, 19 November 2033 and 19 May 2034 (or if certain tax or regulatory events occur). Investors should not expect that APRA's approval will be given for any early redemption. Alternatively, on any date where QBE would otherwise be permitted to redeem the Capital Notes, QBE may instead elect to convert the Capital Notes into ordinary shares of QBE, subject to certain conditions. The Capital Notes, unless redeemed or converted prior, will mandatorily convert into ordinary shares of QBE on 19 May 2036, subject to certain conditions, or on the occurrence of an acquisition event.

Interest is payable on the Capital Notes semi-annually in arrear at a rate equal to the 6 month BBSW Rate plus a spread of 2.50% per annum, adjusted by the franking adjustment factor determined in accordance with the Capital Notes terms. Interest payments are expected to be franked at the same rate as dividends paid on ordinary shares of QBE.
