

Construction Solutions

Construction companies face a unique set of risks in their daily operations. We understand those risks, and we partner with our customers to create tailored solutions to meet their individual needs and add value to their business. Whether it's guaranteed cost or loss sensitive structuring, QBE is well-positioned to deliver distinctive benefits to customers across the Construction industry.

Partnership, expertise and service

- Dedicated construction underwriters are well versed in both guaranteed cost and loss sensitive programs
- Unified approach to risk control, claims, product and underwriting – all focused on customers' needs
- Limited distribution strategy enables our team to work with our brokers and customers one-on-one to tailor comprehensive insurance programs for individual clients and offer exceptional service

Exceptional claims

- Leading Workers' Compensation RMIS platform
- Tiered claims approach to ensure best possible outcomes
- Regulatory and legislative impact monitoring
- Specialized teams for Construction Liability
- Dedicated Customer Relationship Managers

Unique risk solutions

- Review and gap analysis of company safety programs to support and elevate executive-level risk management efforts
- Job-site inspections to identify operational hazards and adherence to safety programs and industry best practices
- Safety training for supervisors and employees
- Deep knowledge of OSHA expectations and today's specialized construction methods such as LEED and fast-track
- High tech AI-assisted ergonomic job evaluations
