

Marine Professional Indemnity

Maritime trade has become indispensable with up to 90% of world trade carried by sea. Over the years, there has been a substantial rise in the number of maritime professionals as a consequence. The term “professionals” now has a much broader meaning, covering anyone who provides specialist advice or services. The emphasis on accountability and responsibility on such professionals is also increasing. For example, a third-party claim against ship management for negligence or a ship surveyor for wrongful assessment can result in financial loss to the claimant.

QBE is a specialist marine insurer with more than 130 years of history in the global market covering marine hull, marine liabilities, marine cargo and protection & indemnity in Singapore. We have a team of experienced underwriters with varied backgrounds, including ex-sea staff and a claims team with legal experience.

QBE’s marine professional indemnity cover helps protect professionals.

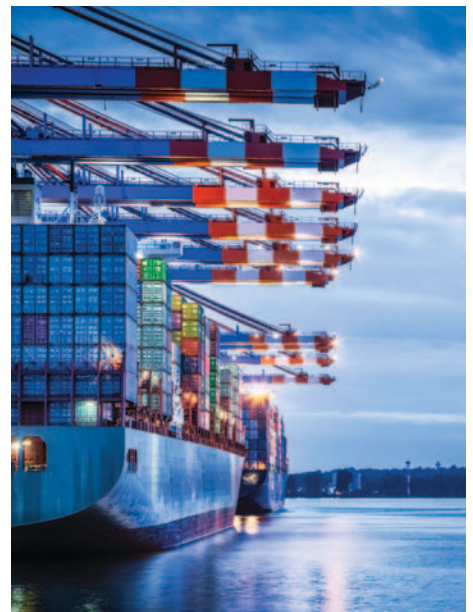

We provide cover for liabilities arising out of:

1. Negligent performance
2. Fraud by any employee
3. Libel, slander or infringement of personal rights
4. Unintentional breach of warranty of authority within the normal duties of your insured services

We will also cover you for third-party liabilities arising out of your insured services, including claims expenses incurred by you in an investigation.
