

The QBE Integrated Advantage for Healthcare: Global Risk Solutions

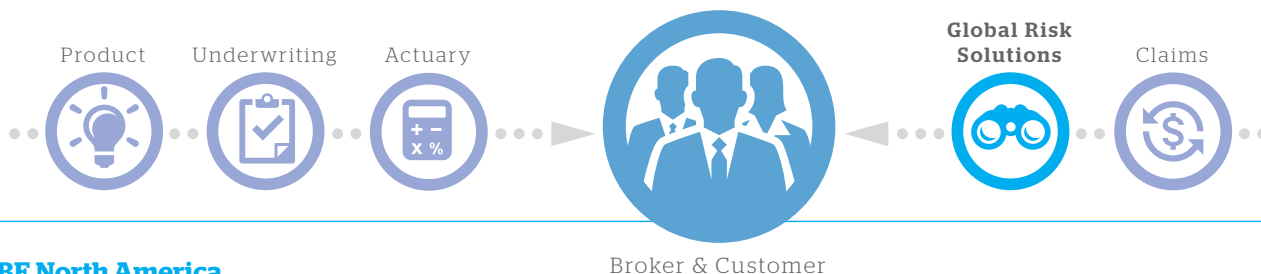

At QBE we're changing the way we do business with Healthcare customers. With the QBE Integrated Advantage for Healthcare we've brought industry professionals from all sectors of our business together into one team, including Global Risk Solutions.

Healthcare clients face complex and unique risk management challenges. Exposures exist throughout the healthcare industry in areas such as governance, leadership, facility, fleet, safety, employee relations, compliance and clinical risk. The QBE Global Risk Solutions Team is proud to work with customers to actively identify, evaluate, and reduce/eliminate the risk exposures.

Risk Resources Include:

- Direct access to dedicated Healthcare Risk Management support via the Risk Solutions Line at 800.401.2594 or hcrisksolutions@us.qbe.com.

- Our Digital Workshops series featuring live and pre-recorded events with subject matter experts. Examples of topics include:
 - Defending against the Opioid Crisis
 - Managing Telemedicine Risks
 - Advanced Practitioner Clinicians
 - Hurricane Preparations
 - Office Ergonomics
- QBE Business Resource Edge, online tools to assist employers with HR challenges and deliver quality risk management value to their organization.
- Access to over 500 online safety and risk management training programs and technical bulletins that can support your employee risk and health and safety training needs.
