Accident Prevention Services

The QBE Risk Solutions (RS) Team includes industry leading experts in risk control and loss mitigation services. Our commitment to service and our technical acumen helps customers identify, evaluate, and reduce their potential for losses and business risk. RS consultants are knowledgeable in consultative services and the best practices for delivering risk solutions, which focus on known accident cause and solutions that have been successful in the past.

Fleet Safety Management

QBE offers consultation and supporting materials, such as sample programs, motor vehicle record program criteria, digital distracted driving workshops, videos and bulletins on accident causes provide for driver safety by identifying policies, procedures, hardware and

training that have proven to help protect against transportation.

- The RS service model progresses through accident analysis, risk assessment & consultative services and identifying risk improvement opportunities.

Accident Analysis and Review:
