

Liability – Professional

Accident Prevention Services

The QBE Risk Solutions (RS) Team includes industry leading experts in risk control and loss mitigation services. Our commitment to service and our technical acumen helps customers identify, evaluate, and reduce their potential for losses and business risk. RS consultants are knowledgeable in consultative services and the best practices for delivering risk solutions, which focus on known accident cause and solutions that have been successful in the past.

We're making it easier for producers to access our people and our products so they can meet the specialized needs of the niche markets. Here's how we make it possible:

- Proprietary products
- Deep expertise around risk management needs of specific industries and customers

Risk Transfer Program

Risk transfer involves shifting the risk of loss to the responsible party. Implementing a risk transfer strategy will allow you to manage risk in your business relationships and gain certainty as to who will be liable in the event that a loss occurs. Successful implementation of a Risk Transfer Program includes:

- Developing a vetted network of authorized contractors and service providers
- Legal review of hold harmless and indemnification clauses
- Maintaining current Certificates of Insurance

QBE's RS team provides expert evaluations, technical knowledge, and effective solutions to address leading causes of loss that prevent employee injuries from happening.

Resource Links
